Length	98mm
Width	98mm
Height	98mm

Product description

Complementary feed (powder) for bitches

For nutrient-related support of the uterine condition during the last trimester of pregnancy, birth, and postnatal recovery

ProBreeder Birth Prep contains many plant-based ingredients, some of which have been valued by midwives for centuries and can also make birthing easier for our bitches. **ProBreeder Birth Prep** is a valuable feed supplement for nutrition-related fertility problems and can support the condition of the uterus. Mucus-forming components can promote the development of the vaginal mucosa and thus make it easier for the puppy to enter the world.

Composition: wheat germs, raspberry leaves, seaweed meal, motherwort herb, linseeds, stinging nettle herb, liquorice roots, fenugreek seeds, lady`s mantle herb

Analytical constituents: crude protein 20.8%, crude fat 8.9%, crude fiber 12.2%, crude ash 8.6%, calcium 1.11%, phosphorus 0.57%

Feeding recommendation: Start adding it from the last third of gestation (i.e. from the 7th week of gestation) and continue to feed it for 10-14 days after the birth. Add to the feed daily: small breeds 2 g, medium-sized breeds 4 g, large breeds 6 g. 1 tsp. corresponds to ca. 1.5 g.

Product properties

Special Requirements	Birth, Zucht, Pregnancy, Fertility
Composition	Raspberry, Süßholz, Frauenmantel, Seaweed meal, Nettle, Fenugreek, Wheat, Flax
Phase of life	Erwachsener
Area of Application	Fütterung
Animal categories	Dogs
