The natural basic feed for adult dogs with lamb meat - without gluten !

Product number	4406
Weight	3kg
Length	200mm
Width	200mm
Height	205mm

Product description

Complete feed for dogs

Natural, cold-pressed dry dog food with lamb meat - **without gluten !**

Fit-Crock Classic Lamb is a purely natural dry feed for dogs and contains no synthetic additives (another cause of the so-called 'food allergy'). This means that the metabolism is not additionally burdened.

Fit-Crock Classic Lamb is designed as a basic feed. Balanced natural ingredients ensure a broad supply and optimum nutrition in a natural way. We take nature as our model and use it as a guide. The moderate fat and protein content in **Fit-Crock Classic Lamb** provides an optimal nutritional basis, whereby a performance-related addition of meat (partial BARF) and other suitable fresh foods is often sensible and well tolerated.

Why you should feed your dog Fit-Crock Classic Lamb:

The very firm chunks clean the teeth. The cold-pressed feed breaks down into its components in the stomach, the stomach is not overstretched (it does not swell up!). As the food has to be digested intensively, intestinal peristalsis is supported and natural intestinal cleansing is promoted. The dog's feces become much firmer - this has the following advantages: The anal glands are emptied regularly (constipation is avoided) and the feces can be removed more easily.

Composition: maize, meat and animal by-products (13.5% lamb & sheep meal, 5% blood meal, 1.9% beef fat), rice, maize germs, beet pulp, carrots, marine fish meal, molasses, brewers' yeast, whey powder, soybean oil, grape pips meal, linseed oil, maerl, stinging nettle herb, birch leaves, milk thistle herb, dandelion, malt rootlets, seaweed meal, rosemary

Analytical constituents: crude protein 19.9%, crude fat 7.2%, crude fiber 3.2%, crude ash 5.5%, calcium 1.2%, phosphorus 0.7%

Feeding recommendation as main feed:

Weight of the dog	Daily amount
1 – 5 kg	50 – 100 g
5 – 10 kg	100 – 200 g
10 – 20 kg	200 – 300 g
20 – 35 kg	300 – 400 g
35 – 50 kg	400 – 500 g
50 – 65 kg	500 – 600 g

The information on our cold-pressed dog food is merely a guideline for a balanced diet that is based to the dog's needs. However, they should be adapted to the individual needs of the dog, as requirements can vary depending on the breed, age and size of the dog, training performance, and ambient influences. Fresh water should always be available.

Store it cool and dry. Protect from direct sunlight.

Product properties

Phase of life	Adult, Seniors, Juniors
Feed Profile	Active & Sport, Leisure, Cold-pressed, Dog food, Feeding, Fiber, BARF, Without additives, Gluten-free, Breeding
Composition	Seaweed meal, Brewer's yeast, Corn, Grape seed flour, Fish, Turnip, Rosemary, Carrot, Flax, Milk thistle, Dandelion, Nettle, Milk, Rice, Birch, Algae, Soy, Molasses, Malt
Product type	Single feed, Complete feed
Product form	Pellets
Special Requirements	Constipation, Diarrhea, Flatulence, Digestion, Hyperacidity
Animal categories	Dogs

CLASSIC LAMM

- fördert Fell und Haut mit Bierhefe
- hypoallergene Kohlenhydratgeber aus leicht verdaulichem Reis
- Rezeptur ohne Weizen
- zum Teilbarfen empfohlen
- Fleisch von Weideschafen aus artgerechter Haltung

100% Natürlich

- » Frei von künstlichen Zusatzstoffen
- » Ohne Konservierungsmittel
- » Ohne Füllstoffe
- » Ohne Zucker

Expertentipp:
Aus naturheilkundlicher Sicht sollte die Ernährung von Tieren immer auf mehrere Säulen aufgebaut werden. Daher empfehlen wir generell die Zufütterung von odVet MicroMineral und DarmAktiv.

Darum Fit-CROCK:

- ✓ Reinigt die Zähne
- ✓ Quillt nicht auf
- ✓ Festerer Kot durch intensive Verdauung

Einfache Fütterung

1 - 5 kg:	50 - 100 g
5 - 10 kg:	100 - 200 g
10 - 20 kg:	200 - 300 g
20 - 35 kg:	300 - 400 g
35 - 50 kg:	400 - 500 g
50 - 65 kg:	500 - 600 g

» Fütterungsempfehlung als Hauptfutter, Tagesmenge

Classic Lamb Maxi

- » Schonend kaltgepresstes Trockenfutter
- » Ohne synthetische Zusätze
- » 100% Naturprodukt
- » Hypoallergener Kohlenhydratgeber

Der **moderate Fett- und Eiweißgehalt** im Fit-Crock Classic Lamb bietet eine **optimale Ernährungsgrundlage**, wobei eine **leistungsbezogene Zugabe von Fleisch** (Teil-BARF) und anderer, geeigneter **Frischkost oft sinnvoll** und gut verträglich ist.
