## Product description

*Complementary feed (liquid) for cats*

Nutrition-related support of the self-cleaning mechanism of the bronchi

The mucus-forming ingredients of **feliTATZ Bronchial** protectively cover the affected respiratory tracts and support the body's own defense mechanisms. At the same time, the irritation of the cough is soothed and reduced. In addition, the essential oils contained in the herbs and the pure blossom honey ensure a gentle dissolution of stuck mucus, make it difficult for pathogenic bacteria to settle there, and thus facilitate the natural process of coughing up.

The contained pure honey also stimulates the appetite and provides the cat with energy. **feliTATZ Bronchial** is tolerated by cats of all ages and can be mixed into the food without any problems due to its high acceptance.

**Composition:** blossom honey 15%, elderberry juice, thyme leaves and blossoms, fennel seeds, sage leaves, anise seeds, linden tree blossoms, lungwort, cowslip blossoms, ribwort plantain leaves, licorice roots, eucalyptus leaves

**Additives/kg:** Preservatives: lactic acid (1a270) 9.5 g. Flavouring compounds: ethanol (2b02078) 58.1 g.

**Analytical constituents:** crude protein 0.3%, crude fiber 0.5%, raw ash 0.4%, crude fat 0.2%, moisture 85%

**Feeding recommendation:** Shake before use. Add ca. 0.5 ml/5 kg body weight. to the feed 1 x daily for at least 14 days or give directly into the muzzle. 10 drops correspond to ca. 0.3 ml.

## Product properties
