Product description

For more than 10 years, cdVet MicroMineral has been an innovation when it comes to the simple basic supply of mineral and vital substances in all areas. Its natural ingredients, rich in readily available micronutrients, such as minerals, trace elements, vitamins, etc., can prevent deficiency situations.

MicroMineral plus now combines this experience with moringa and peat to create an unprecedented total concept of vitality and nutrients. Moringa stands out with 90 important nutrients, vitamins, and minerals, all essential amino acids and secondary plant substances in highly concentrated form. In addition, peat is rich in humic acids, which are able to bind excess stomach acid and harmful substances in the intestine.

- Excellent source of vitamins and minerals
- Moringa supports muscle development
- Natural source of iron - can stimulate blood formation
- Gastrointestinal regulation through humic acids
- Cell protection through antioxidants
