

Fit-BARF Vegetables (TCVM) 360 g | 360 g

High-quality natural feed additive for balanced and healthy feeding with raw meat according to TCVM

Product number	4300
Weight	0.36kg
Length	98mm
Width	98mm
Height	127mm

Product description

Fit-BARF Vegetable (TCVM) is a grain-free alternative and brings not only variety, but also balance in the Barf feeding plan.

Unlike Western thinking, food is not only judged by vital substances or their origin, but by their heat effect and the five elements: wood, fire, earth, metal, water.

Foods as well as herbs are assigned according to their energetic effect, the temperature behavior, the color, the taste and smell of a certain function circle.

Jerusalem artichokes

Chinese point of view: element: earth, thermal: neutral, organ: spleen, stomach, liver, bile, intestine

Western point of view: Vit. A, B1, B6, C, H, manganese, copper, magnesium, selenium, zinc and iron make the Jerusalem artichoke tubercle, in addition to its high inulin content, a valuable ingredient in order not to burden the sugar metabolism too much, and at the same time to promote digestion.

Carrot

Chinese point of view: element: earth, thermal: neutral, strengthen spleen-Qi

Western point of view: Carrots contain a high proportion of carotene, biotin, iron, calcium, vitamins B1, B2, B6, E and C as well as zinc, potassium, magnesium and phosphorus.

Beetroot

Chinese point of view: element: fire, thermal: neutral

Western point of view: high content of Vit. B, potassium, folic acid and iron

Linseed

Chinese point of view: element: earth, thermal: neutral, taste: sweet, effect: Defense energy (Wei-Qi) tonifying through intestinal flora

Western point of view: mucous membrane protection through mucilage, fibers, fatty oil and protein. Other ingredients are alpha-linolenic acid, linoleic acid and lecithin as well as various enzymes, phytoestrogens

Product properties

Phase of life	Adult, Seniors, Juniors
Feed Profile	Leisure, Vegan, Feeding, Fruit, Sensitiv, BARF, Vegetables, Lactose-free, Without additives, Vegetarian
Special Requirements	Health, Care, Intestines, Stomach, Internal organs, Digestion, Skin
Area of Application	Internal
Composition	Parsnip, Beetroot, Celery, Carrot, Broccoli, Flax, Elm, Topinambur (jerusalem artichoke), Pumpkin
Animal categories	Dogs, Cats
Product type	Supplementary feed
Product form	Powders
