Product description

Complementary feed (liquid) for ornamental birds

For intestinal cleansing – for the demand-oriented supplementary feeding in case of nutrient-related digestive disorders and intestinal problems

Digestive disorders, diarrhea, and other intestinal problems are often the result of an incorrect nutrition and not intact intestinal flora, respectively. **GutClean Ornamental Bird** is a natural, liquid food supplement to support of feed intake in case of digestive disorders and to promote the natural intestinal flora. **GutClean Ornamental Bird** supplements the feeding, with herbs and vegetable extracts, in a natural way to compensate for nutritional deficiencies.
