

Fit-Crock Puppy Lamb 10 kg | 10 kg

The natural basic food for growing dogs - Gluten-free!

Product number	4428
Weight	10kg
Length	120mm
Width	270mm
Height	610mm

Product description

Why you should feed your dog with **Fit-Crock Puppy Lamb**:

When someone sees the Fit-Crock Puppy Lamb chunks for the first time, the reaction often follows: "Are those horse treats?" We have deliberately chosen such a large chunk shape. The dog is an eater, with the big chunk shape you can reach that the dog starts to chew. This in turn cleans the teeth (the chunks are very firm).

Fit-Crock Puppy Lamb is not a predigested dry feed (like many other, even expensive types of feed). The feed breaks down into its components in the stomach, the stomach is not overstretched (it does not swell!). Since the feed must be digested intensively, the intestinal peristalsis is supported and the natural colon cleansing is promoted.

Fit-Crock Puppy Lamb contains no synthetic additives. Thus, the metabolism is not charged additionally (further cause of a so-called "food allergy"). Due to the careful processing of the feed and the high-quality ingredients an addition of synthetic vitamins and minerals is superfluous.

The manure of the dog is much firmer - this has the following advantages: The anal glands are emptied regularly (blockages are avoided) and the feces are easier to remove.

Feeding recommendation as main feed: **Fit-Crock Puppy Lamb** is designed as a basic feed. From a naturopathic point of view, the diet of animals should always be built on several pillars. Therefore, we generally recommend the feeding of **MicroMineral**. Small amounts of meat and other, for puppies, suitable fresh feed is often useful in the rearing phase. In case of milk deficiency of the mother small quantities of puppy milk should be fed.

Product properties

Composition	Seaweed meal, Brewer's yeast, Corn, Grape seed flour, Fish, Turnip, Rosemary, Carrot, Flax, Milk thistle, Dandelion, Nettle, Milk, Rice, Birch, Algae, Soy, Molasses, Malt
Phase of life	Seniors, Adults, Juniors
