

CalcioREPTIN 250 g | 250 g

Natural source for an adequate supply of calcium for snakes, turtles and lizards

Product number	234
Weight	0.25kg
Length	67mm
Width	67mm
Height	119mm

Product description

CalcioREPTIN is a high quality mineral feed with calcium and magnesium to support the bone structure and horny scales of reptiles. The high mineral content and the wide range of trace and micronutrients can prevent deficiency symptoms. Accordingly, it can also be given as an accompanying feed in problem cases such as rickets, for the strength of the horny scales (e.g. turtle shell). CalcioREPTIN is particularly well tolerated because it is a pure natural product without synthetic additives. CalcioREPTIN and MicroREPTIN complete are an optimal combination to provide a natural supply of micronutrients, trace elements and vitamins.

Product properties

Special Requirements	Birth, Health, Legenot, Stress, Bones, Internal organs, Detoxification, Skin, Rachitis, Musculoskeletal system, Moulting, Growth, Immune system
Feed Profile	Grain-free, Calcium-phosphorus ratio, Minerals / trace elements, Feeding, Vitamins, Without additives, Vegetarian, Leisure, Breeding
Phase of life	Seniors, Adults, Juniors
Animal categories	Reptiles
Product type	Supplementary feed
Product form	Powders
Composition	Algae
